CAPABILITY STATEMENT

thinQtank Learning

thinQtank Global, Inc. dba thinQtank Learning
SAM.gov registered small business

Instructor-led IT and cybersecurity certification training for the federal workforce. For more than 25 years, thinQtank Learning has trained thousands of IT professionals, including service members, veterans, DoD civilians and the contractors who support them. We deliver accelerated, hands-on boot camps that prepare students to pass the certifications their roles require, including DoD 8140 baseline credentials, live in the classroom, on site or online.

CORE COMPETENCIES

- **Certification boot camps.** 236 instructor-led courses from 22 vendors, built around the official exam objectives.
- **Cybersecurity workforce training** aligned to DoD 8140 / DCWF qualification requirements: Security+, CySA+, SecurityX (CASP+), CISSP, CEH, CCSP and more.
- **Networking and infrastructure:** Cisco CCNA, CCNP and CCIE-level training, data center and AI networking.
- **Cloud, project management and enterprise architecture:** AWS, Microsoft, Google Cloud, PMP, ITIL and TOGAF.
- **Custom curriculum** built from a needs assessment and gap analysis for your environment, delivered at your site.
- **Career transition programs** for transitioning service members, including multi-certification career pathways.

VENDORS WE TRAIN

Cisco · CompTIA · ISC2 · EC-Council · ISACA · PMI · Microsoft · AWS · Google Cloud · NVIDIA · Palo Alto Networks · Juniper · The Open Group · GIAC

DIFFERENTIATORS

- **98% first-time pass rate** across assessments and certification exams.
- **About 60% hands-on lab time**, not lecture.
- **Unlimited retakes for 24 months**, plus six months of mentoring after class.
- **Certified instructors:** Cisco Certified Systems Instructor (CCSI), CompTIA CTT+, EC-Council Certified Instructor, CISSP and CCIE / CWNE.
- **Free replacement training** if a sponsored employee leaves within six months.
