

OUR LEARNING EXCLUSIVE

- Custom exam prep software and materials
- Course-specific thinQtank[®] Learning publications to make the learning fun and engaging
- Guided demos and hands-on labs in the Google Cloud console
- **We do not teach the test.** We always deliver valuable hands-on experience
- All reading material and study guides sent to you when you register
- Every course taught by Google Cloud-certified practitioners
- Six months mentoring access to our engineers after the course

TRAINING CAMP FORMAT

thinQtank[®] Learning delivers this course as a **two-day instructor-led training camp**, Monday to Tuesday. About 65% lecture and 35% hands-on labs and demos. Contact us for the schedule covering your dates.

PREREQUISITES

- No certification is required
- Experience collaborating with technical professionals

TARGET AUDIENCE

- Business and IT decision makers
- Project / program managers
- Sales and pre-sales professionals
- Non-technical staff working alongside cloud teams

CERTIFICATION

This course prepares you for the Google Cloud Cloud Digital Leader certification exam.

Delivery	Online proctored or Pearson VUE test center
Format	50–60 questions, 90 minutes
Exam fee	\$99, set by Google Cloud
Renewal	Valid 3 years

COURSE OVERVIEW

thinQtank[®] Learning is offering a unique two-day training camp comprised of two days of instructor-led learning that gives students the knowledge and skills needed to explain how cloud technology and Google Cloud drive digital transformation, how organizations get value from data and AI, how to modernize infrastructure and applications, and how Google Cloud handles security, trust, scaling and operations.

The camp follows the six sections of the current Google Cloud Cloud Digital Leader exam guide, with guided demos and hands-on labs in the Google Cloud console throughout.

This course prepares you for **the Google Cloud Cloud Digital Leader certification exam.**

WHAT YOU WILL BE ABLE TO DO

- Explain why and how the cloud is transforming businesses and describe fundamental cloud concepts
- Describe the role of data in digital transformation and match Google Cloud data management products to business use cases
- Describe how smart analytics, BI tools and streaming analytics add business value
- Describe fundamental AI/ML concepts and how Google Cloud AI offerings create business value
- Describe how Google Cloud helps organizations modernize infrastructure and applications, including the value of APIs
- Describe fundamental cloud security concepts and Google's defense-in-depth approach
- Explain how Google Cloud supports cost control and modern operations, reliability and resilience

EXCLUSIVE LEARNING PACKAGE

- Cloud Digital Leader reading plan and review guide
- Cloud Digital Leader practice exams
- Lab guide you keep after the course
- Course video recordings for review

DELIVERY METHODS

- Instructor-led training
- Immersive live-online training
- On-site and custom delivery
